

APPENDIX 3

Hi

The sheets I have distributed show our account balance as of 31 December 2023. This shows an increase on the previous year, which will allow us to purchase some new music.

We started the year with our Social Evening at Romford Golf Club, which was attended by 28 members. Thank you Barbara for the Line Dancing lesson.

January is quite an expensive month for us with Hall Hire, Insurance, and the money we pay Enid – this all comes to approximately £1500. I would emphasise that our general outgoings have not increased.

Just to highlight a few things over the past year:

Our Summer concert ticket sales increased from last year, selling a total of 172 tickets, donating £646.50 to the churches.

The Winter concerts this year were better attended than the previous year, with All Saints once again having the best attendance.

We sold a total of 214 tickets, and donated £810 to the churches.

Our Bank account has changed its name, we are now New Dimension Choral Club TA New Dimension Choir. We have also changed from Dual Authority signature, to Single Authority – which has the added benefit of being able to use the Barclays Bank App and have a Debit Card. Carmel has also been added as a signatory.

I have no plans to increase subs, which will continue at £40 per term. With the majority of members paying by Bank Transfer.

Thank you – any questions.
